Fabienne Monté – breeder Toscana®

The Toscana® breeding program

In breeding, we focus on plant quality, easy cultivation, outdoor performance and of course a beautiful palette of flower colours.

Breeding is a long process which requires dedication, expertise and eye for detail from our breeders. Our breeding program offers added value right along the chain, from grower to consumer. Drawing on feedback from growers and a continuous innovation process, we strive to further improve the quality of the different varieties and to expand the Toscana® series.

In the Galaxy series we have updated the Red and introduced a Violet. It is good to see that this relatively new Galaxy series is more and more appreciated for its specific voluminous habits.

Another highlight is the new Smart Pink Splash which will accompany the succesfull Smart White Splash. The new introduced Smart Maureen is a better fitting, more compact Smart Light Pink. The original Smart Light Pink will be available in the "specials" as Scandinavia has a special relation with this specific colour and planttype. Evita is replacing the brittle Eva in the Sunflair series. This was already on the wishlist for a while.

For the coming years we hope to benefit from our mutual USA breeding program as we see some interesting developments there. I will keep you updated!

About the Toscana® production

Toscana® is available as unrooted cuttings (URC) and as young plants. At our production locations in Ethiopia and Kenya we specialize in the URC production of Pelargonium. With a total of 37 hectares of well-equipped greenhouses, which are run by qualified and experienced staff, we supply from both locations a high production standard. This gives you the best quality against the lowest risk in supply change.

Moreover, we think and act sustainably. Our production locations are MPS-A certified (Environmental Programme for Ornamental Horticulture), covering crop protection products, fertilisers, energy, water and waste. Neonicotinoids are banned and to combat the negative effects of crop protection products, we use organic variants and work with Integrated Pest Management (IPM) wherever possible.

Haftungsausschluss – Die in diesem Katalog gegebenen Informationen wurden mit größter Sorgfalt auf der Grundlage eigener Versuche, Erfahrungen aus der Praxis und Ergebnissen von Versuchsanstalten zusammengestellt. Bei der Kultur von Pflanzen können die jeweiligen Rahmenbedingungen und Umstände variieren. Sollten keine Erfahrungen vorliegen, empfehlen wir immer zunächst eine versuchsweise Anwendung. Die gesetzlichen Vorschriften sind in Europa nicht überall gleich. Der Anwender ist in jedem Fall an die geltenden Gesetze gebunden. Es werden keinerlei Garantie für einen Kulturerfolg und keine Haftung für Schäden, die durch den Gebrauch von Informationen entstehen könnten, die in diesem Katalog veröffentlicht werden. Druck- und Satzfehler vorbehalten.

Für Lieferungen, welche direkt durch unsere Vertriebspartner ausgeführt werden, gelten die Allgemeinen Verkaufs- und Lieferbedingungen des rechnungsstellenden Vertriebspartners.

Disclaimer – Although Toscana® has composed this brochure with great care, the information contained in this brochure is for general information purposes only. Toscana® makes no representatives or warranties of any kind, express or implied, about the information contained herein. In no event will any company part of Toscana® be liable for any loss or damage including without limitation, direct or indirect or consequential loss or damage, or any loss or damage whatsoever arising from loss of turnover of profits arising out for, or in connection with the information contained herein.

For orders that are directly delivered and/or invoiced by suppliers for which Florensis or its partners act as brokers, the General Conditions of that supply apply.

Toscana® sind Sorten, die durch das Sortenschutzrecht der Firma Toscana® Breeding geschützt sind. Deshalb sind wir verpflichtet, eine Lizenz für diese Sorten in Rechnung zu stellen. Eine Vermehrung jeglicher Art ist für diese Sorten nicht erlaubt. Alle von uns gelieferten Pflanzen oder Stecklinge sind für die Weiterkultur zu verkaufsfertigen Pflanzen bestimmt.

Toscana® are varieties protected by the breeder's rights of Toscana® breeding. We are obliged to request a license for these varieties. Multiplication of any kind of these varieties is forbidden. Any cuttings or plants we supply can only be for growing on to finished plants.

La Dolce Vita

It's the small things that make life beautiful:
a glass of red wine in the sunset,
a cappuccino in bed or
a terrace full of outstanding pelargonias.
